PROGRESS OF SHIP CONSTRUCTION AT MATHIAS THESEN SHIPYARD IN WISMAR; 109 pages; Russian,

Date distributed: 17 Nov 52

The document consists of property (in Russian) from the Mathias Thesan Shipyard in Wismar to Komnab USSR, Soviet Register of Ships, and Reparations Divisions. Altogether there are four distinct types of reports:

25X1X

1. A report which contains information concerning material and equipment shortages, work progress etc. on the ships Mozhayskiy, Kaliningrad, Lensovet, and Kooperatsiya. The first five pages of this report are missing in the document.

25X1X

- 2. Reports concerning five Soviet ships, the Lensovet, Kooperathiya, Kaliningrad, Mozhayskiy, and Primor'ye. The reports speak of the type of repairs being made, the amount of progress achieved, and of shortages which are holding up repair work.
- 3. Minutes of meetings, attended by representatives of the Mathias Thesen shipyard (a people-owned enterprise), of the Association of People-Owned Enterprises in Sea Going Ship Building, of various ship-component industries and other organizations. The meetings dealt with detailed progress reports concerning the ships Mozhayskiy, Lensovet, and Kooperatiya. Details include schedules, suppliers, progress achieved, and shortages.

4. A brief supplementary report of estimates of work and material costs for the diesel ship Pobeda. Order dates and costs of work and material are given.
